

# CANSTICK BARRIER

Self-Adhesive Waterproof Membrane

Canstick Barrier 2 in 1 roof underlayment and underground waterproofing membrane.

- 1 Self-adhesive overlap
- 2 Easy cold-applied application
- 3 Available thickness of 1.5mm and 2.0mm

**Canleaf**  
BUILDING MATERIALS

#### As a roofing underlayment:

- Protect against wind-driven rain
- Performs under the most severe climatic conditions

#### Below grade waterproofing membrane:

- Protect the substrate from water, moisture and gas
- Can withstand underground hydrostatic pressure

**Good for:** Roofing underlayment, Grade plaza, Parking decks and Below grade basement.
